# RUBLE AMERICAN BLOWER AND INJECTOR!

---

For Furnace Blowing, Returning Smoke and Gas to Fire Box, Condensing Steam and Ventilating Building at same time with Hot or Cold Air.

The two great forces in this machine are produced with the same power, and assisting each other is the cause of the wonderful work it does with so small amount of power. Our blower can be used both as an exhaust and pressure blower at the same time, as we have a siphon in connection with the blower, by which shavings, dust, smoke, etc., are handled without passing through the machine, and the fact that we do not depend on a fan (which is simply an air agitator) but operate entirely by centrifugal and suction force, which gives us fully three times the pressure with one-half the horse-power to run, of any other blower on the market.

The Ruble American Blower and Injector Company has been organized with \$500,000 capital, and is fully protected by patents in the United States and foreign countries.

County newspapers free—providing publication office and subscribers are in the same county.

Prepayment on all printed matter compulsory.

Sample cards, cards and other flexible material, blanks, blank paper, engravings, envelopes, seeds, scions (except circulars and book), are rated at 1 cent for every 1 ounce or fraction thereof. None forwarded unless prepaid.

Manuscripts, when accompanied by proofsheets, 1 cent each 2 ounces.

Postage on books, not exceeding 2 ounces (prepaid), 1 cent, and for each additional 2 ounces, or fraction, 1 cent. Weight limited to 4 lbs.

All communications addressed to Postmasters must be prepaid, and if a reply is required, stamps for return postage must be included. Prepayment in all cases is compulsory.

Money Orders—Office open from 9 A. M. to 5 P. M. Orders within the United States, not exceeding \$5, 5 cents; \$10, 8 cents; over \$10 and not exceeding \$15, 10 cents; over \$15 and not exceeding \$30, 15 cents; over \$30 and not exceeding \$40, 20 cents; over \$40 and not exceeding \$50, 25 cents; over \$50 and not exceeding \$60, 30 cents; over \$60 and not exceeding \$70, 35 cents; over \$70 and not exceeding \$80, 40 cents, and \$80 to \$100, 45 cents. These rates took effect October 1, 1883.

A single money order may include any amount from one cent to one hundred dollars inclusive, but must not contain a fractional part of a cent.

The issue to a single applicant, in one day, of more than three orders, payable at the same office and to the same payee, is positively forbidden.

The applicant must, in all cases, write his own given name and surname in full. When the given name of the payee is known it should always be stated in full; otherwise, initials may be used. The given names of married women must be stated, and not those of their husbands. As Mrs. "Mary" Brown must not be described as Mrs. "William" Brown.

Names of parties, places and streets, as well as numbers and amounts, should be written in full and in the plainest manner possible. A money order must not be made payable to more than one person or firm.

As there are several post offices of the same name in the United States, an applicant for an order payable at one of such offices must be careful to indicate clearly

which one of them he means, and the postmaster will satisfy himself, before writing out the order, that the office indicated is the one intended.

Fees on all International Orders are as follows: On orders not exceeding \$10, 10 cents; over \$10 and not exceeding \$20, 20 cents; over \$20 and not exceeding \$30, 30 cents; over \$30 and not exceeding \$40, 40 cents; over \$40 and not exceeding \$50, 50 cents. Took effect January 1, 1886.

United States Treasury notes or National Bank notes only received or paid.

Post Money Orders, for sums not exceeding \$100 each order, can be obtained at the principal offices throughout the country. The use of these orders by persons who desire to make remittances by mail is far preferable to sending money, even when the letter containing it is registered. By the money order system absolute security against loss is obtained. Money orders are good for one year from the date of issue. In case of their loss, no charge is made for the issuing of duplicates. Persons sending money orders should be careful never to send them in a letter which contains the name of the person from whom they are sent. This is necessary in order to guard against loss in case the letter should fall into improper hands, money orders never being paid to any person who cannot tell the name of the person to whom they were issued.

Postal notes, for the transmission of small sums; under five dollars (from 1c. to \$4.99), on which a fee of three cents shall be charged, have been issued since 1883.

The Post Office Department having provided perfect safety for the transmission of small sums of money, by Money Order or Registered Letter, the public can expect but little sympathy for money lost, if sent through the mails in any other way.

The object of this institution is to re-  
 form boys and girls committed by the Po-  
 lice Justices, for truancy and such conduct  
 as indicates they are beyond the control of  
 parents. It is a public institution, sup-  
 ported by the city, taking children vicious-  
 ly inclined, and inuring them to habits  
 which tend to lives of usefulness. The  
 Home is in no sense like a prison, but the  
 intent is to make it what its name implies,  
 a "home" for wayward children.

The Academy was organized in 1792, incorporated in 1795, and rechartered in 1855. It is controlled by a Board of Trustees elected by the stockholders.

Its object is to afford to the youth of this city and vicinity a complete and thorough course of study, as a preparation for the College, the Scientific School, or for business life. The Primary and Intermediate Departments prepare pupils for the higher classes, so that a boy may enter the Academy at the very commencement of his school course, and finish there his entire preparation.

There are two courses of study, the Classical and the Scientific, each extending through five years. Pupils finishing satisfactorily either of these courses are entitled to the diploma of the Academy. The Academy has a fine gymnasium thoroughly equipped and furnished, and gymnastic exercise, under a trained instructor, forms a part of the daily school work.

It endeavors to exterminate giving to unknown persons, to punish fraud, and to secure for every worthy case of poverty in the city one friendly visitor, who shall report its circumstances monthly to a body representing all the organized and very much of the individual charity of Newark.

It offers to furnish gratuitously to proper inquirers, information concerning every

applicant for charity, upon request through an investigation ticket given to the applicant, and its already large store of information concerning thousands of cases will be augmented in proportion to the demand for its services.

# WORLD'S COLUMBIAN EXPOSITION.

Organized June 26, 1890.

Under the name of the World's Columbian Commission, for the purpose of celebrating the 400th anniversary of that unparalleled historic event—the discovery of America in the year 1492. It was decided by an act of Congress that Chicago, the phenomenal city of the Lakes, should be the place to solemnize and celebrate this great event, befitting her wonderful growth, the result of the energy and the brain of her people is typical of the growth of this great country. Its founders have lived to see it the third city of the United States. Neither storm, nor tempest, nor fire, nor sword could retard her progress. Her motto has been "Never despair," but onward and upward has been her course, until today the world's history presents no rival, no parallel.

The Commission consists of two Commissioners, with alternates, from each State and Territory of the U. S. and from the District of Columbia, and eight Commissioners-at-large appointed by President Harrison, on the nominations of the Governors of their respective States and Territories.

"The voters elect in the several States as many persons as there are members of Congress, known as Electors. These electors meet at the State Capitols upon a fixed day and cast the electoral vote of the State for President and Vice-President. Copies of this vote are sent by messenger to the United States Secretary of State and to the President of the United States Senate and opened and counted at a joint meeting of both houses of Congress in February following the election. The persons receiving the majority of the electoral votes for the two offices are declared duly elected President and Vice-President of the United States for four years from the ensuing 4th of March. In case no party has a majority of the electoral vote, the election is made by the House of Representatives alone, each State casting one vote (which is controlled by a majority of the Electors), and a majority of all the States is necessary to a choice."

No Senator or Representative, or person holding an office of trust or profit under the United States is eligible for an Elector.
